COLOURS:

FOREARM

With your arm slightly flexed, measure the fullest part of your forearm, typically midway between your wrist and elbow.

WRIST

Keeping wrist straight, measure directly over joint, including wrist bones.

CHEST

Stand and measure around the fullest part of your chest. Tape should be parallel with the floor. (No superhero chest puffing).

KNEE

Measure the knee to be protected. Stand and bend your leg just less than 45 degrees, measure around the largest part of knee, directly over the patella (kneecap).

ANKLE

Stand and measure ankle circumference 1"/2.5cm above center of inner ankle bone tip (the knobby bits). If you measure while seated, flex your foot slightly back toward yourself as you measure.

WAIST

Stand with stomach relaxed. Measure the minimum circumference (skinniest part) in the waist area. Tape should be parallel with the floor.

THIGH

Stand and measure the maximum circumference (meatiest part) of your upper leg near the crotch.

CALF

Stand and measure the calf in question. Measure at the fullest part of the calf. When ordering a pair, take measurements of both calves and use the average of the results.

FOOT

Measure circumference at center of arch directly over top of instep

MEASURE GUIDE
